

Turlock Unified School District

Course Approval Request Contract

Course Taken Outside of the Turlock Unified School District

A course taken outside of the Turlock Unified School District can occur for 3 reasons: 1) to replace a failed (D/F) course; 2) to take a course that does not exist in the District; and/or 3) to strengthen a sequence of courses.

TO STRENGTHEN A SEQUENCE OF COURSES

A course taken to strengthen a sequence of courses requires that all students *begin* the sequence at their school and *complete* the sequence at their school. A course taken outside of the Turlock Unified School District to strengthen a sequence of courses requires that all students **complete** the next sequence of course at their school. Failure to complete the final course of sequence will prevent the outside course from being reported on the transcripts and being included toward the students' credits. By signing this contract, the student and parent both understand and accept the terms outlined above.
