## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### School Facility Conditions and Planned Improvements (Most Recent Year)

An assessment was done in August 2020 using the Facility Inspection Tool (FIT), Cunningham Elementary is currently a Williams School; as such this inspection was completed by SCOE representative John Cicinato. The school buildings and grounds of Cunningham School have been deemed to be 'clean, safe and functional', having no condition that poses an emergency or urgent threat to the health and safety of pupils or staff. Copies of the District Safety Inspections and Williams Inspections are maintained on file in the Turlock Unified School District Maintenance and Operations office. Safety: A safety plan is in effect. Certificated and classified staffs are vigilant in maintaining student safety. All staff wear identification badges and all visitors check in and out at the school office. Cleanliness: Cunningham employs one full-time Lead Custodian who provides students and staff with a clean and safe school environment throughout the day. Our district additionally employs two full time night custodians who are responsible for cleaning all facilities on a daily basis. All state and district guidelines governing the custodian tasks have been implemented and are followed in accordance with all applicable laws. Improvements: Cunningham School was modernized between 2011 & 2013 which included many campus wide upgrades as well as interior remodel of approximately 20 classrooms and student restrooms. In 2019 the site received new fencing along the front of the school to enhance safety and security as well as create a single point of entry. Maintenance improvement projects continue to be done on this campus, including concrete, asphalt and landscaping. Cunningham school is in very good condition considering its age. Adequacy: The Turlock Unified School District prides itself in offering clean, safe and adequate school facilities. Our buildings offer adequate heat and air and are maintained in accordance with stringent state and district guidelines. FIT Results: The FIT form dated August 2020 may list some items found during the site inspection. These items should not be confused as 'Non-functioning' or affect the overall statement of the school site that it is 'clean, safe and functional.' Work orders are input on a regular basis and are usually addressed within a two week period of time.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Math	27	N/A	31	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	3

The Turlock Unified School District Local Control Accountability Plan prioritized district-wide professional development opportunities for TK-12 to include subject matter, English language development, technology, digital citizenship, best practices, PLC's and leadership. Multiple measures including CAASPP results, CELDT achievement data, common formative assessments, and data from site educational rounds were utilized to prioritize needs. Additionally, TUSD's initiatives and staff input continue to drive the professional development offerings.

Staff is provided with weekly embedded collaboration time in addition to opportunities for extended collaboration at site determined periods throughout the school year. The collaboration time allows teachers to apply new learning and make strategic decisions regarding the use of curriculum and assessments. Year one and year two teachers are enrolled in TUSD's Induction Program which is in the second year of implementation. The Induction Program activities are based on the California Standards for the Teaching Profession which outlines the numerous interconnected skills that comprise the professional practices of teaching. New administrators are supported through their participation in the Stanislaus County Office of Education Administrator Induction Program.

Professional development and support has been provided in the following areas: Professional Learning Communities; Math Instruction; ELA/ELD Instruction; Special Education; Instructional Best Practices; Guided Language Acquisition and Design (GLAD); Advanced Placement; Technology; Digital Citizenship, Small Group Instruction; and Next Generation Science Standards. Professional development opportunities occur during a combination of the regular school day, after hours, and during the summer. TUSD has a network of nineteen content specialist instructional coaches that are utilized to support staff in classroom implementation as a follow up to all professional development events.

There are several formal Special Education administrative and teacher trainings scheduled each year that include the following topics: Service delivery for special education students with various handicapping conditions, the referral process for students with special education needs, how to accurately complete the IEP documents, how to maintain legally defensible reports/IEP documents/meetings, behavioral tools/strategies for district staff, case law and disability awareness. At sites, training specific to the students and programs at each site occurs throughout the school year.

Due to COVID 19 in the 2019-2020 school year, the District offered virtual PD for teachers. PD formats for teachers were made available in the following ways: Live on Zoom, Video Recordings, Podcasts, Slide Shows, Video Shorts (short videos), Weekly Newsletter Releases/ EdTech Bytes, and Instagram Tech Bytes. PD topics included: Distance Learning Tips, Blended Learning Tips, Google Classroom navigation, Zoom features, Screencastify, assembling Bitmoji classroom, engaging students online, supporting students during distance learning and blended learning, navigating a chromebook. A PD schedule was posted on the EdTech in TUSD website.

**Types of Services Funded**

Cunningham School offers a variety of programs and services to support students in order to increase student achievement, enrich their educational experiences through lessons that incorporate agriculture science, and prepare them for their college and career plans. All students have the opportunity to attend field trips to such locations as California State University, Stanislaus, the Turlock Unified School District Farm, the Modesto Gallo Center, missions, and local agricultural-based businesses. Students in grades fifth and sixth also participate in orchestra, band, and choir. Students are encouraged to participate in the Talent Show, Odyssey of the Mind, Science Fairs and the Stanislaus County Spelling Bee. In addition, Cunningham Elementary has a Gifted and Talented program for students in grades fourth through sixth grades.

Cunningham not only provides enrichment opportunities for all students, but each grade level also offers both an intervention block and English Language Development groups to ensure students receive instructional support according to their needs. With the assistance of paraprofessionals, teachers are able to meet with small groups of students in order to implement intense intervention strategies. Cunningham staff and students are also supported by one Title I- funded Early Literacy Instructional Coach. To further assist students, many teachers offer before or after school tutoring to assist their students who are struggling in such areas of mathematics and language arts. The After School Education and Safety Program (ASES) provides ninety Cunningham students with tutoring and enrichment opportunities. Other opportunities that are available to students who are below grade level include frequent use of technology with leveled educational programs, Summer School and tutoring.
